

WOULD YOU REPORT A FIRE SAFETY ISSUE TO YOUR LANDLORD?

Research for this year's Fire Door Safety Week found that many tenants are put off reporting serious fire concerns to landlords.

THERE IS MAJOR CAUSE FOR TENANTS TO BE CONCERNED ABOUT FIRE SAFETY

IN THE LAST 12 MONTHS

A THIRD of tenants had experienced fire doors being damaged or propped open

A QUARTER of tenants had been living with a broken or missing fire extinguisher

1 IN 10 had noticed a fire exit in their property being blocked

had noticed a fire exit in their property being blocked

WHAT DO WE MAKE TIME FOR?

Only **5%** of tenants and homeowners would report a fire door being damaged, compared to:

32%

who would report or fix their front door not locking properly

17%

who would report appliances not working

11%

who would report a porch light not working

Make time to identify, report and resolve fire safety issues to save lives.
